To Whom It May Concern:

On behalf of the Seoul Metropolitan Government (SMG) and the University of Seoul (UOS), it is my great pleasure to invite you to apply to the Master of Urban Administration and Planning (MUAP) of the International Urban Development Program (IUDP) at the UOS starting in August 2015.

MUAP was established in 2008 with the support of SMG to foster local professionals' urban administration and planning capabilities for urban growth and quality of life in the developing world. As of 2015, 80 government officials from Seoul's partner cities have successfully graduated from the program. The master's degree program allows participants to strengthen their understanding of urban issues and learn from distinguished faculty members at UOS. In addition, the program offers an internship opportunity to work with SMG to put academic learning into practice.

The last day of the application period is **April 10, 2015** (Korean Standard Time). MUAP will begin on **August 3, 2015**. Financial support for tuition, accommodation, round-trip airfare and living expenses is provided by SMG once accepted into the program. More details about the program and the application process can be found with this letter.

I sincerely hope that you will consider taking advantage of this excellent opportunity to strengthen administrative and planning capacity in your city as well as to enhance the partnership between your country and Korea. If you need any further details or assistance, please do not hesitate to contact the Office of MUAP at **muap@uos.ac.kr** or **+82 2 6490-5158**. We are looking forward to hearing from you shortly.

Thank you.

Sincerely,

A handwritten signature in black ink, reading 'Han Man Hee'.

Han, Man Hee, Ph.D.

Dean, International School of Urban Sciences
